ASSOCIATE DEGREE IN NURSING (ADN) | SELECTIVE ADMISSION

ADN Fall 2027 Admission Guide

For applicants to the nursing cohort that begins in August 2027. Published August 2026 by the Office of Nursing Admissions.

APPLICATION DEADLINE

Friday, January 15, 2027, 11:59 pm ET
All five parts of the application must be received by this time.

This guide explains who can apply to the Associate Degree in Nursing (ADN) program at Scioto Community College, what a complete application includes, how eligible applicants are ranked, and what happens after an offer of admission. Read it before you schedule the ATI TEAS or ask anyone for a letter of recommendation. Admission is selective: meeting every requirement makes you eligible to be ranked, but it does not guarantee a seat.

At a glance

Program	Associate Degree in Nursing (ADN), North Campus
Cohort	Fall 2027, 48 seats
Length	Four full-time semesters, Fall 2027 to Spring 2029
Ranking	100-point scale (Section 5)
Apply	Online in MyScioto. There is no application fee.
Licensure	Graduates are eligible to apply to take the NCLEX-RN

A complete application has five parts

1. The online ADN application in MyScioto
2. Official transcripts from every college attended
3. An ATI TEAS score report, sent to Scioto CC directly by ATI
4. A personal statement
5. Two letters of recommendation

Sections 3 and 4 explain each part. Items arrive separately; the Application Status page in MyScioto shows which ones have been received.

Key dates for the Fall 2027 cycle

Date	What happens
Tuesday, September 1, 2026	Online application opens in MyScioto.
October and November 2026	Online information sessions on Zoom, including Thursday, November 5, 2026, 5:00 to 6:00 pm ET. Registration links are emailed to students on the pre-nursing list.
Tuesday, December 22, 2026	Fall 2026 final grades post. Transcript requests placed on hold for fall grades are sent electronically the next day.
Friday, January 15, 2027, 11:59 pm ET	Application deadline. Every part of the application must be received.
By mid-March 2027	Admission decisions are emailed to all applicants.
Early August 2027	Mandatory new student orientation (date in the acceptance letter).
Late August 2027	Fall 2027 nursing courses begin.

1. Who can apply

To be ranked, you must meet every requirement below by the application deadline.

- **Scioto CC student record.** You have been admitted to Scioto Community College and your student record is active. New students apply for college admission first and should allow two weeks for processing.
- **High school completion.** Proof of high school completion (a diploma, GED or another state-recognized equivalency) is on file in your Scioto CC admission record.
- **College GPA.** A cumulative GPA of 2.50 or higher on all college coursework.
- **Science prerequisites.** BIO 2121, BIO 2122 and CHEM 1211 completed with a grade of C or better, or in progress during Fall 2026 (Section 2).
- **ATI TEAS.** An Adjusted Individual Total Score of 60.0% or higher (Section 3).
- **Age.** 18 years or older by the first day of nursing classes.

> **Courses in progress this fall.** Any science prerequisite may still be in progress during Fall 2026. List it as In progress on the application, and make sure the official transcript with your final grade reaches Nursing Admissions by Friday, January 15, 2027. Fall 2026 final grades post Tuesday, December 22, 2026. Courses taken in Spring 2027 cannot be used for the Fall 2027 cohort.

2. Prerequisite courses and minimum grades

The three science courses below are required for admission. Each must be completed with a C or better within five years of the deadline, which means Spring 2022 or later.

Course	Minimum grade	Notes
BIO 2121 Anatomy & Physiology I	C	Must be completed before BIO 2122.
BIO 2122 Anatomy & Physiology II	C	May be in progress in Fall 2026.
CHEM 1211 General Chemistry I	C	Lecture and lab. Online lecture sections with an on-campus lab are accepted. May be in progress in Fall 2026.

How grades are counted

- A grade of C- or lower does not meet the requirement.
- Each science prerequisite may be repeated once. When a course has been repeated, the most recent grade is used for eligibility and points. A withdrawal (W) does not count as an attempt.
- Courses from another college count when your Scioto CC transfer evaluation lists them as equivalent to BIO 2121, BIO 2122 or CHEM 1211. Transfer grades are used for points.
- Grades are taken from official transcripts only, not from MyScioto screens or unofficial copies.

General education courses (not required for admission)

These courses are part of the ADN degree plan. They are not required to apply, but each one completed with a C or better by the deadline adds 3 points (Section 5). Any course not finished before the program is taken during it, in the semester shown on the ADN degree plan.

ENG 1101 English Composition I	PSY 1100 General Psychology
PSY 2250 Human Growth and Development	BIO 2400 Microbiology

3. ATI TEAS requirements and score reporting

Every applicant takes the ATI TEAS (Test of Essential Academic Skills). The test has four sections: Reading, Mathematics, Science, and English and Language Usage. The program uses the Adjusted Individual Total Score that ATI reports.

Requirement	Details
Minimum score	An Adjusted Individual Total Score of 60.0% or higher. Section scores have no separate minimum.
Accepted tests	Tests taken on or after January 15, 2025 (within two years of the deadline).
Attempts	Up to two attempts count in this cycle, at least 30 days apart. The highest Adjusted Individual Total Score is used; section scores from different attempts are not combined.
Where to test	Scioto CC Testing Center, Building T, Room 104, North Campus. Register and pay in your ATI account; the fee at Scioto CC is $115.00, paid to ATI. A TEAS taken at another site, or online through ATI, is accepted when ATI sends the official report.
Score report	In your ATI account, select Scioto Community College as a score recipient. ATI then sends the report to Nursing Admissions directly, usually within 48 hours of the test. Screenshots, printouts and forwarded emails are not accepted.
Timing	Test early enough for the report to arrive by Friday, January 15, 2027. Testing in the fall leaves room for a second attempt if you need one.

Test day at the Scioto CC Testing Center

- Check in 30 minutes before your start time. Candidates who arrive after the start time may not be seated.
- Bring a valid, unexpired government-issued photo ID. The name must match your ATI account exactly. Bring your ATI username and password.
- Phones, smartwatches, fitness trackers and bags go in the lockers outside Room 104.
- Personal calculators are not allowed. A four-function calculator is built into the exam screen.
- Park in Lot C, directly east of Building T. No permit is needed on weekends.
- Saturday hours are for scheduled exams only. Questions: testingcenter@sciotocc.edu or (614) 555-0145.

Preparing for the test

Most applicants prepare for six to eight weeks. A copy of the ATI TEAS Study Manual is on reserve at the North Campus Library, and ATI sells timed online practice assessments. If you need testing accommodations, contact Scioto CC Accessibility Services before you schedule the test.

4. Application materials

4.1 Online application

In MyScioto, open Program Applications and choose Associate Degree in Nursing (ADN), Fall 2027. The application asks for your contact information, every college you have attended, your prerequisite courses and grades (or In progress), any healthcare credential, and the names and email addresses of your two recommenders. You upload your personal statement in the same form and can save and return until you submit. There is no application fee.

After you submit, the Application Status page in MyScioto lists each item as Received or Missing. Allow up to five business days after an item is sent for it to appear. Incomplete applications are not ranked.

4.2 Official transcripts

- **Every college attended.** Send official transcripts from every college or university you have attended, including Scioto Community College.
- **Scioto CC transcript.** In MyScioto, go to Records, then Order Official Transcript, and choose Nursing from the internal recipient list. If you have courses in progress this fall, choose the Hold for Fall 2026 grades option; held requests are sent electronically the day after grades post. Electronic transcripts are $10.00 each.
- **Other colleges.** Ask the college to send an official electronic transcript to nursing@sciotocc.edu. Transcripts forwarded by the applicant are not official.
- **High school transcript: not required.** Your proof of high school completion is part of your Scioto CC admission record, and Nursing Admissions checks it there. Do not send a high school transcript with your nursing application.

4.3 Personal statement

Length	500 to 750 words
Format	PDF or Word (.docx), uploaded in the application, with your full name at the top
Prompt	Why do you want to become a registered nurse? Describe an experience at work, in school or in your family that shaped this decision, and explain how you will manage the demands of the program, including clinical schedules.
Review	Required, but not scored in the point system. The admissions committee reads every statement for completeness and professional writing.

Write the statement yourself. Proofreading help is fine. A statement written by someone else, or copied from another source, removes the application from consideration.

4.4 Letters of recommendation

- **Who.** Two letters. At least one must come from a college instructor who taught you, preferably in a science course. The second may come from another instructor, a current or former employer or supervisor, or a licensed healthcare professional who has observed your work. Letters from relatives, friends or classmates are not accepted.
- **How letters are submitted.** Enter each recommender's name, title and email address in the Recommendations section of the application. Scioto CC Nursing then emails the recommender a secure upload link and the one-page ADN Recommendation Form. A recommender who prefers email may send a signed letter as a PDF, on institutional or business letterhead, directly to nursing@sciotocc.edu with the subject line ADN Recommendation, followed by your full name.
- **When.** Letters must be received by Friday, January 15, 2027, 11:59 pm ET. Ask at least four weeks ahead and give each recommender your resume, a draft of your personal statement and these submission instructions.
- **Confidentiality.** Letters are confidential and are not shown to applicants. Letters sent by the applicant are not accepted.

5. Selective admission point system

Eligible applicants are ranked by total points, out of 100. Points are calculated from the official documents in your file at the deadline: the ATI score report and your official transcripts. Offers go to the highest-ranked applicants until the 48 seats are filled.

Category	How points are awarded	Points
ATI TEAS Adjusted Individual Total Score	90.0% or higher: 40 80.0 to 89.9%: 34 70.0 to 79.9%: 28 60.0 to 69.9%: 20 Below 60.0%: not eligible	**40**
Science prerequisites: BIO 2121, BIO 2122, CHEM 1211	Points for each course, by final grade: A or A-: 12 B+, B or B-: 8 C+ or C: 4	**36**
General education courses: ENG 1101, PSY 1100, PSY 2250, BIO 2400	3 points for each course completed with a C or better by the deadline	**12**
Healthcare credential or experience	Active Ohio STNA (state tested nurse aide), EMT, paramedic, phlebotomy or medical assistant credential, or at least 1,000 hours of paid direct patient care in the last three years documented by an employer letter. Upload the credential or letter with the application.	**8**
Science prerequisites taken at Scioto CC	All three science prerequisites completed, or in progress, at Scioto Community College	**4**
Total possible		**100**

Ties

When applicants have the same total, the tie is broken by (1) the higher TEAS Adjusted Individual Total Score, then (2) the higher science prerequisite points, then (3) the earlier application submission time.

What is not scored

The personal statement and the two letters of recommendation are required for a complete application, but they do not add points. Attending an information session is not scored.

Example

> An applicant with a TEAS score of 74.6% earns 28 points. Final grades of B+ in BIO 2121, A- in BIO 2122 and C+ in CHEM 1211 earn 8 + 12 + 4 = 24 points. Completing ENG 1101 and PSY 1100 adds 6 points. This applicant has no healthcare credential, and CHEM 1211 was transferred from another college, so neither of those categories adds points. Total: 28 + 24 + 6 = 58 points.

6. After you apply

When	What happens
Late January to February 2027	Nursing Admissions verifies each file and calculates points. Files missing any item at the deadline are not ranked.
By mid-March 2027	Every applicant receives a decision by email, at the address on the application: Offer of admission, Alternate, or Not admitted.
Within 10 days of an offer	Accept or decline your seat in MyScioto. Seats that are declined, or not accepted in time, are offered to alternates in rank order until the first day of class.
After you accept	Complete the clinical requirements below by the dates in your acceptance packet.
Early August 2027	Mandatory new student orientation. The date is in the acceptance letter.
Late August 2027	Fall 2027 nursing courses begin.

Clinical requirements after acceptance

Clinical agencies require the items below before your first clinical day. Do not send them with your application; the acceptance packet lists the vendors, deadlines and costs.

- Criminal background check: Ohio BCI and FBI fingerprint checks. Some convictions can prevent clinical placement or licensure.
- Drug screen through the program's vendor.
- Immunization records: MMR, varicella, hepatitis B series, Tdap and the seasonal flu vaccine, plus a TB test (two-step skin test or blood test).
- A current American Heart Association BLS Provider CPR card.
- A health and physical form signed by a licensed provider.
- Proof of personal health insurance.

Applicants who are not admitted may apply in a later cycle. Applications and points do not carry over: submit a new application and current documents.

7. Program at a glance

- **Length.** Four full-time semesters: Fall 2027, Spring 2028, Fall 2028 and Spring 2029.
- **Where.** Classes and skills labs at North Campus. Clinical rotations at hospitals and long-term care facilities in central Ohio.
- **Schedule.** Classes and labs meet on weekdays. Clinical rotations may be scheduled days, evenings or weekends, and some begin at 6:30 am. Clinical schedules are posted about four weeks before each semester.
- **Time.** Plan on 30 to 35 hours a week for class, lab, clinical and study.
- **Work.** Many students work part time. Clinical schedules cannot be changed to fit outside employment.
- **After graduation.** Graduates are eligible to apply to take the NCLEX-RN licensure examination.

8. Frequently asked questions

Can I apply while I am still taking prerequisites this fall?

Yes. List the courses as In progress. Your official transcript with the final Fall 2026 grades must arrive by January 15, 2027. With the Hold for Fall 2026 grades option, Scioto CC transcripts are sent on Wednesday, December 23, 2026.

Do I need to send my high school transcript?

No. Proof of high school completion is part of your Scioto CC admission record.

Where do my recommenders send their letters?

Through the secure upload link they receive after you enter them in the application, or by email to nursing@sciotocc.edu with the subject line ADN Recommendation, followed by your full name.

Will my TEAS score reach the program in time?

Yes, if Scioto Community College is selected as a score recipient in your ATI account. ATI sends the report directly, usually within 48 hours of the test.

Do I have to attend an information session?

No, but it is strongly recommended. Sessions cover admission requirements, the TEAS and clinical schedules, and end with questions for current students.

If I am not admitted, do I stay on a list for next year?

No. Each cycle is separate. Apply again with a new application and current documents.

9. Application checklist

	Item	By when
☐	Admitted to Scioto CC, with a cumulative GPA of 2.50 or higher	Before you apply
☐	BIO 2121, BIO 2122 and CHEM 1211 complete or in progress, C or better	Fall 2026
☐	ATI TEAS taken, with Scioto Community College selected as a score recipient	Report received by Jan 15, 2027
☐	Scioto CC official transcript ordered to Nursing (Hold for Fall 2026 grades if courses are in progress); transcripts from other colleges requested	Received by Jan 15, 2027
☐	Personal statement written and uploaded, 500 to 750 words	With the application
☐	Two recommenders asked, sent your resume and statement draft, and entered in the application	At least four weeks before Jan 15, 2027
☐	Application submitted in MyScioto	Fri, Jan 15, 2027, 11:59 pm ET
☐	Application Status page shows every item as Received	Before the deadline

10. Contacts and policies

Questions about this guide or your application go to the Office of Nursing Admissions. Include your full name and say that you are applying for the Fall 2027 cohort.

Office	Where	Phone and email
Office of Nursing Admissions	North Campus. Office hours Monday to Friday, 8:00 am to 4:30 pm	(614) 555-0131 nursing@sciotocc.edu
Scioto CC Testing Center	Building T, Room 104, North Campus	(614) 555-0145 testingcenter@sciotocc.edu
Office of the Registrar (transcripts)	MyScioto, Records	(614) 555-0128 registrar@sciotocc.edu
ATI (TEAS registration and score reports)	Your ATI account at atitesting.com	Through your ATI account

Accessibility

Applicants who need accommodations for the ATI TEAS, the application or the program should contact Scioto CC Accessibility Services as early as possible. Accommodations for the TEAS must be approved before the test is scheduled.

Nondiscrimination

Scioto Community College does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, genetic information or veteran status in its programs and activities, including admission to the Nursing program.

About this guide

This guide applies to the Fall 2027 application cycle only and was current when it was published in August 2026. If a requirement changes, the change is posted at sciotocc.edu/nursing and emailed to students on the pre-nursing list. If the guide and the online application seem to disagree, contact Nursing Admissions before the deadline.

Office of Nursing Admissions
Scioto Community College Nursing, North Campus, Morse Road, Columbus, Ohio
(614) 555-0131 | nursing@sciotocc.edu | sciotocc.edu/nursing
