WINTER PRODUCT PHOTOGRAPHY APPRENTICESHIP

Reference for Ama Boateng

Format, what to cover and the deadline

WRITTEN REFERENCE DUE

Mon, Nov 2, 2026

TO	Kofi Mensah, Corktown Audio Works	DATE	October 26, 2026
FROM	Priya Raman, Studio Manager	SEND TO	priya@lumenstudiodetroit.com

Thank you for agreeing to write a reference for Ama Boateng. This sheet puts what the apprenticeship panel needs in one place. It repeats the three points from my email of Friday, October 23, and adds the practical details.

1 Format

- **Length:** about a page. One page is plenty.
- **File:** a signed PDF or Word document is fine. Reply to my email with the file attached. If it is easier, the text can go in the body of the email instead.
- **Phone number:** please include one where the panel can reach you with follow-up questions.
- **Images:** no need to attach any. Ama's portfolio already includes the frames.
- **Who reads it:** only the apprenticeship panel and me.

2 What to cover

1. **Reliability:** her schedule with you, punctuality, and how she handles deadlines.
2. **Photo and lighting skills:** setup, consistency across a series, and how she handles difficult surfaces such as wood veneer, brushed metal and glass.
3. **Two example shoots** she did for Corktown Audio Works, with a sentence on what she was responsible for in each. SKUs and dates are ideal.

> **What carries the most weight:** specific examples, especially the product photography Ama does for Corktown Audio Works, and how long she has worked with you.
